W. F. Neal, Franklin, Pa., 1 Lots.

Lots. In New England factories where to save light and fuel men work only eight! mer, the pay rolls prove that piece workers carn as much in one season as they do in the other. The a things all tend to prove but the one point, that, to be efficient, the mind requires rest and recreation. A man closely confining binself to one thing for ten or even eight hours per day, his brain b come saluggish and inactive, and as the mind controis the action of the hedy he works cor respondingly. It is a fact that the medeteriorated and this is due partly to the LICOUS chanies of this country as a classicainflux of imperfectly skided working of from abroad, largely to the present loss. and imperfect system of approunce hipand mainly to the Lak of lessure fours for self-culture and improvement. Let WITOEESATE. us then give our working-men the eight hour system, and the hierarchours will afford opportunities for mental and physical improvement and make them better mechanics, better men, and better men-

bers of society.

Amortean Sations. "The exploits of the American Savy baye added materially to our national renown. It military science has been extended in the hand of our officers and men, the arts or navigation and word warfure have received a new Impulse. Which the uncandid world will eventually acknowledge Although rough, our sailors are generose to the as negree. There seems to be a certain nobility of soul about the men who structle with the winds and brave the starms of old occas. Too last degree. There seems to be a certain notifity hands and investmental three. It is not unabled to an entire very action to spend the carnings of an entire very age in the course of a few days by on shore. Undoubtedly marines have their vices, and sometimes must see indicate ones, but when the manner of their life is considered, and the abuses to which they have been subjected, it is marvelous that they are no worse. Our residence may remember how the lash three resounded the deck of the mon-of-war, and how the red blood spirited from the barts of the rimining sailor. This was could from the English Navy, it is true, but nevertheless it was a deception as to American maritime, Law. The canction of great name, and the authority of a powerful us-tion, has often been adduced to justify the name in name of the name of the diagraphic of the sale is na a putalsiment, always was revolting to the as a punishment, aways was revolting to the cross spiritual of the cultivated heart. But the reformation came not extransonation of the boson of the savide and from the cry for reduce not discussed, for one of the boson of the savide and from and the aginator came forth. And who was her that the American should forcet, and less the cry to the American should become obtivious reporting their deliverance, we say it we. Watson G. Hayner. At this fate day we cannot tell in the late of their control of the late of their control of the initiated, but cortain it is, that when the inci-

GENTS FURNISHING GOODS

I am carrying a larger stock than any four Liquor flowes in the Northwest.
I would varietically cell the attention of the Wholesale Liquor Boralers of Titasville to my kerge assurtment of Liquors. I can close to the wholesale Liquor Boralers of Titasville to my kerge assurtment of Liquors. I can close to the wholesale Liquor Boralers of Titasville to my kerge assurtment of Liquors. I can close to the wholesale Liquor Boralers of Titasville to work and save year the treespoortation from New York to your several places of business for various reasons, viz:

I am not purchesing less than Yilly to Seventy-five Thousand dollars worth at a time, and I range encected with one of the largest bonasca in New York City, and I am carrying in my house here from one hundred thousand tooling worth of the work. I have effected an arrangement with the railroad companies. By loading six or cight cars city as bed plate, or by saddles, as through I get a percentage off on the trailing your and plate and examine my stock before going cast.
